Titre : 07. Blind and deaf

Facing the will of the loneliness,
Trying so hard not to fall,
It's like holding your breath and believe that everything's gone
You can run but you can't hide,

One day you gonna face the truth,
One day

HEAR THIS ONCE AGAIN

Facing the will of the loneliness,
Trying so hard not to fall,
It's like holding your breath and believe that everything's gone
You can run but you can't hide,

One day you gonna face the truth,
One day

Facing the will of the loneliness,
T-T-T-Trying so hard n-n-not to fall,
It's like holding your breath and believe everything
You can run but you can't hide,

One day you gonna face the truth,
One day

Will i ever fall into disgrace
Will you ever see me and will you ever talk to me again

Will i ever fall, fall

You'll remain BLIND AND DEAF
