Titre : 04. Flashlights

Just waking up one morning  
Feeling all the pain around you  
Leaving in your mouth  
A bitter taste of thoughts  
A sense of gloom  
A sense of gloom

Time, won't you pass me by  
Won't you leave me there, waiting in the stair, at your feel

Just waking up one morning  
Feeling all the pain around you  
Leaving in your mouth  
A bitter taste of thoughts  
A sense of gloom  
A sense of gloom

Time, won't you pass me by  
Won't you leave me there waiting in the stair, at your feel

Time, won't you pass me by  
Won't you leave me there waiting in the stair, at your feel

Just waking up one morning,  
Feeling all the pain around you.
