For all the dreams i break, sorry Mum
For all the pain i made, sorry Dad

There's something in my head that whispers in my brain,
suddenly i feel no stress

This voice around is calling on my name,
so all the people around will sing together

Aaah Aaah Aaah Aaah Ooooh Oh Oh Oh Oh Oh
Aaah Aaah Aaah Aaah Ooooh Ah Ah Ah Ah Ah

For all the sex that i shake, sorry you, sorry me
For all the thoughts i create, sorry you, sorry me

I can't just let my mind go alone
cause it's a part of my that i keep secretly

There's something in my head that whisper in my thoughts things, sex,
sex is the greatest,

Won't you do some sex, so you can feel all along your body shaking
Won't you do some sex now let yourself go with the vibes

Love is what i hate cause it's a damn parody

Love is what i hate cause it's a damn parody

Love is what i hate cause it's a damn parody
