Date de sortie : Février 2020

Titre : 01. Whispers of the Witch

Whispers of the witch  
Came inside my ears  
I am hunting now  
The children lost inside

I wait in the woods for you

Whispers of the witch  
Came inside my ears  
I am hunting now  
The children lost inside

I wait in the woods for you

Yeah

There's no time to discriminate them  
Gotta find the child and hurry up  
Gotta find him somewhere  
Even against my will

Until the suffer came  
Until the suffer came

Until the suffer came
